

Portable Mortuary Coolers

Southeastern Specialty Vehicles designs mortuary coolers that are dependable, functional and provide longevity. Our freezers are custom-built for you. We ensure you receive the high-tech features, and built-to-last quality your organization requires.

We strive to exceed all quality standards of the mortuary industry and we are focused on customer service.

Custom Construction: Your Choice of Mortuary Cooler Sizes and Styles

Although consistent cooling, energy efficient performance and secure storage are high priorities when we design mortuary coolers—we will also fit your space perfectly and achieve the professional look and door style you prefer. Your options are endless.

Our custom designs offer:

- Innovative modular configuration, which allows for future relocation or floor plan expansion and ease of installation.
- Insulation meeting current DOE 2009 regulations
- Heavy-duty, in-fitting door options, in three standard sizes, made with 24-gauge galvanized steel, stainless steel or aluminum, in smooth or embossed finishes. Other gauges are available.
- Door styles include horizontal slide doors and more.
- Panel material options available, in thicknesses from 1½" to 5½".
- View port windows available.
- NSF and UL approved incandescent and fluorescent lighting options.
- Excellent ROI.
